Re: WT Docket No. 07-16 and WT Docket No. 07-30 – Notification of Oral Ex Parte Presentation

Dear Ms. Dortch:

On July 18, 2007, I met with Mr. Sam Feder, General Counsel of the FCC. During the meeting, we discussed the current status of M2Z's license application and M2Z's ongoing commitment to bring a low cost broadband solution to the marketplace as demonstrated by our multi-million dollar investment in new technology. We also discussed our recently launched \$10 million CPE program with One Economy, M2Z's inaugural non-profit partner. The program is designed to bridge the digital divide and make free broadband access available across the country by providing matching funds nationwide to non-profit organizations for the purchase and distribution of modems needed to access M2Z's network, once the Commission approves the pending application. Mr. Feder also viewed an overview of our CPE program launch in Bertie County, North Carolina. The full video may be viewed at: <http://www.m2znetworks.com/challenge/>.

Please let me know if you have any questions regarding this submission.

Sincerely,
